RE: Approval of FY2012 Oxford Diagnostic Laboratories Agreement
(Renewal)

DATE: March 5, 2012

This is a renewal agreement with Oxford Diagnostic Laboratories to provide (T-Spot) Tuberculosis Testing. T-Spot rules out people who have a positive skin test due to Bacillus Calmette-Guerin vaccine (BCG) and non MTB variants; eliminating the need for any additional chest x-rays and the potential treatment of 6-9 months by the county health department.

Funding was approved in the FY2012 Budget, Line Item 040-6001-720-64-23.
